c) At the time of application, the GPA of the master's degree program must be at least 2.72 (70 out of 100) and must be in the top 20% of the success ranking in the relevant class of the master's degree program.

(4) Students who meet the GPA requirement at the time of application but are not in the top 20% of the success ranking in their respective class may apply to the double major program if they have the same score as the base score of the second major program in the relevant year.

(5) Admission to the second major program is made by the decision of the board of directors of the faculty / college to which the applied second major program is affiliated upon the positive opinion of the heads of the unit to which the student is registered and to which he has applied.

(6) If the number of applicants for the Double Major Diploma program exceeds the quota determined by the faculty / college / vocational school and approved by the Senate;

a) Priority is given to those who have a high GPA.

b) If the candidates' GPA is equal, the applicants are ranked from high to low by looking at the placement score of the students who have entered with the Student Selection and Placement System (OSYS) in the relevant score band.

(7) Students who are on the main list and who have not registered within the period of time are replaced by reserves in turn.

(8) A student in a double major program can make a horizontal transition to a second major diploma program within the institution when the student meets the conditions appropriate for the internal transition provisions.

(9) Students who have not succeeded in the proficiency exam of the second major diploma programs are not accepted to the relevant programs.

(10) It is not possible to enroll in more than one second major diploma program at the same time. However, it is possible to enroll in a second major diploma and a minor certificate program at the same time.

(11) In order to accept students to the double major program that takes students through the aptitude test, the requirement to succeed in the aptitude test is also required.

(12) A student of Turkish origin who wants to do a double major in the programs for which a success ranking requirement is required to have met the minimum success ranking requirement established by the Higher Education Council of the relevant program in the year of enrollment, as well as other requirements set out in this Regulation.

Implementation of the program

ARTICLE 8 – (1) The courses and credits to be taken in the double major program are determined by the approval of the Senate upon the recommendation of the faculty/school boards of the relevant programs, taking into account the Higher Education Field Qualifications specified by the Higher Education Council, and according to the minimum knowledge, skills and competencies that the student must acquire at the end of the program. The relevant double major program is organized in such a way as to ensure that the student has the learning outcomes defined according to the minimum knowledge, skills and competencies determined to be acquired at the end of the program.

(2) The relevant administrative board appoints a Double Major Program Coordinator from among the faculty members and an advisor for the students in order to assist students in determining the courses in the second major diploma program and planning the semesters they will be taken, and to ensure that the double major program is carried out in accordance with its purpose. The Double Major Program Coordinator works with the advisors of the students in the major program.

(3) During the first major program, a maximum of 3 courses can be taken in one semester, out of only the courses in the second major program. The course load of the students enrolled in the double major program is regulated regardless of the course load specified for the first major program in Article 10(2) of the Teaching Success and Examination Regulations. The relevant Faculty/School Boards submit the number of courses to be taken in the semesters after the end of the first major program to the approval of the Senate.

(4) The courses chosen by the students whose admission to the double major diploma program is finalized from the first major and the second major are approved separately by their advisors.

(5) No additional classes/groups are opened for Double Major Diploma Programs. Students who apply to the Second Major Diploma program continue their classes together with the students of that department.

(6) The student may drop out of the double major diploma program at their own will.

(7) Necessary planning is made so that the compulsory courses of the majors do not overlap in the individual curriculum of double major students. However, in the event of a mandatory overlap, first major courses must be taken first.

(8) When the student leaves the double major program, the student does not have to repeat the courses of the second major program failed.

(9) A student who is considered to be on leave in the first major diploma program is automatically considered to be on leave in the second major diploma program. Students who cannot take courses in the second major diploma program for reasons such as non-opening of the course or course overlap may be granted semester leave with the approval of the dean /college to which the second major diploma program is affiliated.

(10) Students of the double major program benefit from the summer education of the university like other students.

(11) Courses to be considered equivalent in order to be transferred between the diploma programs included in the double major program are defined by the double major program protocol to be arranged between the relevant diploma programs. Courses that are considered equivalent in diploma programs are included in the semester records of the student in both diploma programs and are shown in both transcripts.

(12) After studying at least one semester in a double major diploma program, the courses and credits that students who leave this program and enroll in another Double Major Diploma or Minor Certificate program succeed in the first program may be considered valid provided that they are in the program they have just enrolled in or are considered equivalent by the relevant board of directors.

Success assessment

ARTICLE 9 - (1) Definitions of success status are subject to the Final International University Teaching, Examination and Achievement Regulations.

(2) A student of a double major program may have a GPA of up to 2.50 (65 out of 100) once in the second major diploma program. A student whose GPA falls below 2.72 (70 out of 100) for the second time the student is removed from the second major diploma program.

(3) Double major students are not ranked in double major.

Graduation

ARTICLE 10 – (1) If a student enrolled in a double major program successfully completes a total of 240 ECTS course load in each of the first and second major diploma programs and has a GPA of at least 2.72 (70 out of 100), in addition to the first major, students receive the right to have a second major diploma and graduate.

(2) The student who continues the second major diploma program is given a graduation diploma only if they graduate from the first major diploma program attended.

(3) The education period of students who have the right to graduate from the major diploma program but cannot complete the second major diploma program is the maximum period specified in paragraph (c) of Article 44 of the Higher Education in Turkey Law no. 2547.

(4) Students who have lost their right to education in the second major diploma program, until they graduate from the first major program from the date of finalization of this decision, if they apply in writing, provided that they meet the criteria for the Minor Program in this Regulation, with the decision of the relevant administrative board to which the first major diploma program is affiliated,

they can be counted to the minor program and they can be given a minor certificate. Otherwise, for the courses they are successful, a document is issued by the relevant unit that determines their success in only the relevant courses.

(5) The courses taken and successful in the second major diploma program of the students who were excluded from the double major program are included in the transcript and diploma supplement, without being included in the GPA.

(6) Students who complete the double major program are awarded a diploma for each major. The name of the second major diploma program is placed on the diploma that the student is entitled to receive due to the second major program.

(7) A student who has completed a double major program benefits from the rights and powers granted with a bachelor's or associate's degree diploma in the field of the second major.

(8) A student who cannot take courses from the double major program for two consecutive semesters will be removed from the second major diploma program.

PART FOUR

Application and Admission Requirements for the Minor Program, Credit Load and Graduation

Application and Admission Conditions

ARTICLE 11 - (1– In order for the student to apply to the minor program;

- a) The university is registered in an undergraduate program,
- b) To have successfully completed all the credit courses taken in the major undergraduate department until the term of application,
- c) At the time of application, the student's GPA in the major program must be at least 2.50 (65 out of 100).

(2) A student may apply to the minor program at the earliest at the beginning of the third and at the latest at the beginning of the sixth semester of the major bachelor's program.

(3) Applications to the Minor Certificate Program are made to the relevant Dean's Office / Directorate with the application form and grade status document.

(4) Applications to the minor program are evaluated by the relevant administrative board where the applied program is carried out.

(5) In case the number of applicants to the minor program exceeds the quota determined by the faculty/school;

- a) Those with a high GPA are given priority.
- b) If the candidates' GPA is equal, the applicants are ranked from high to low by looking at the placement score of the students who have been placed with the Student Selection and Placement System (OSYS) in the relevant score band.

6) Admission to the Minor Program becomes final with the decision of the Faculty/School Board.

Credit Load

ARTICLE 12 – (1) A student whose application is accepted to a minor program has to take and succeed in the courses determined by the senate decision within the scope of the minor program.

These courses are decided between the relevant departments, with a total of at least 30 ECTS, and submitted to the approval of the relevant faculty/school boards and the Senate.

Other matters regarding minor programs

ARTICLE 13 – (1) For the coordination and execution of the minor program, a coordinator is appointed from among the faculty members by the relevant administrative board. Minor Certificate Program Coordinator works in communication with the associate/undergraduate program advisors to which the students are registered.

(2) No additional classes are opened for Minor Certificate Programs. Students who apply to minor certificate programs continue their classes together with the students of that department.

(3) The student can leave the minor program at their own request. Students who cancel their registration from the minor program cannot re-register to the same minor program.

(4) Students whose GPA is below 2.29 (60 out of 100) in the first major program at the end of any semester while they are a minor program student will be removed from the minor program.

(5) In the minor program, the student who does not take a course for two consecutive semesters without permission will be removed from the minor program.

(6) The courses in which the student is successful whose registration is canceled from the minor program, are not counted into the major program, are included in the transcript and diploma supplement, without being included in the GPA.

(7) When the student leaves the minor program, the student is not obliged to repeat the courses of the minor program failed. The courses that are not considered equivalent, in which the student in this situation is successful, can be counted instead of the university elective courses in the undergraduate program to which the student is registered, with the decision of the administrative board of the faculty/school/vocational school.

(8) For the Minor Certificate Program, the registration of the courses taken by the students is kept separate from the major programs. The average of the courses taken by a student within the scope of minor major is calculated separately from the major grade point average.

(9) Minor students benefit from the summer education of the university like other students.

(10) Students who have the right to graduate from the major program and have not yet completed the minor program are given a maximum of two semesters to complete this program, with the decision of the relevant administrative board.

(11) A student who is deemed to be on leave in the major program is also automatically considered on leave in the minor program.

(12) Students who will not be able to take courses in the minor program due to reasons such as not opening the course or overlapping courses may be granted a semester leave with the decision of the relevant administrative board to which the minor program is affiliated.

(13) Students who go to a university abroad with international exchange programs can apply to have the courses they have taken and succeeded counted instead of the equivalent courses in the minor program they are registered. A course taken in an exchange program can be considered a common course in both major and minor programs. These applications are evaluated and decided by the faculty/school administrative board to which the minor program is affiliated.

Graduation

ARTICLE 14 - (1– In order for the student to complete the minor program,

- a) Successful completion of the courses in the minor program,
