"I" grade is given to students who have not sat the end of semester exam and/or have not completed some of the project/laboratory work which contributes to the end-of semester grade because of a valid reason that can officially be proved if required. Such students are obliged to sit for the missed exams and/or complete the project/laboratory work at least one week before the registration period of the following semester. Failure to comply with this will result in an automatic F grade being given for the concerned course. However, students whose reason for absenteeism continues at the end of the above indicated deadline, must apply to the Faculty / School with official certification indicating the continuation of the reason for absenteeism. A decision will then be taken on the period for the completion of the "I" grade. The period of completion requirement mentioned above is not valid for graduating students. Faculty Boards determine these students' situations. An "I" grade is not taken into account in the computation of the Grade Point Average (GPA) or Cumulative Grade Point Average (CGPA). **Success for the Registered Students in Undergraduate and Two-year High School Programs**

22. The performance of a student in a semester is computed according to the following principles.
- (1) Performance is based on a Grade Point Average (GPA) calculation method for each semester. Credit received from a course is found by multiplying the credit hours by the coefficient corresponding to the grade received. The GPA is then found by dividing the sum of the credits received from all courses registered during the semester by the total credit hours of the same courses. Cumulative Grade Point Average (CGPA) is computed by dividing the total credits received from all courses the student has completed since joining the program by the sum of the credit hours of these courses. In cases when a course is repeated, the last grade is included in the GPA and CGPA computations. In all average computations the letter grades given under Article 18(1) are used. Averages should be computed up to 2 decimals after the decimal point.
  - (2) A student is considered successful at the end of a semester, if the GPA is at least 2.00 out of 4.00. If a student registered to the normal course load of a program in a department scores a GPA between 3.00 and 3.49, she/he is designated as 'Honor' student, if the GPA is between 3.50 and 4.00 she/he is designated a 'High Honor' student.
  - (3) "Academic term" refers to the actual registered position of a student in semesters within the department's published program of study. The academic term determines the

relevant CGPA limit listed in the next paragraph. The academic term of a student is determined by the Department or School taking into account all courses registered and the academic records of the student.

(4)"Actual term" refers to each Fall and Spring semester (excluding periods when enrolled in the English Preparatory School programs) in which the student is in the program on which he or she is enrolled. Students enrolled in undergraduate programs with a CGPA of the following limits are considered "Successful", "On Probation" or "Unsuccessful".The criteria set out in Article 22 (6), 22 (7), 22 (9), 22 (10) and 22 (11) apply to students enrolled in 4-year or 5-year programs whose CGPA is below the following limits for students who are deemed unsuccessful.

Student's Actual Final Term (AFT/FDS)	Successful Student	Student on Probation	Unsuccessful Student
1.AFT			
2.AFT CGPA < 1.00		CGPA ≥ 1.50	1.00 ≤ CGPA < 1.50
3.AFT CGPA < 1.00		CGPA ≥ 1.50	1.00 ≤ CGPA < 1.50
4.AFT		CGPA ≥ 1.50	1.00 ≤ CGPA < 1.50
***			
5.AFT CGPA < 1.50		CGPA ≥ 1.80	1.50 ≤ CGPA < 1.80
6.AFT CGPA < 1.50		CGPA ≥ 1.80	1.50 ≤ CGPA < 1.80
7.AFT CGPA < 1.50		CGPA ≥ 1.80	1.50 ≤ CGPA < 1.80
8.AFT CGPA < 1.80 and above		CGPA ≥ 2.00	1.80 ≤ CGPA < 2.00

\*\*\* Provided that the provisions regarding the students who have registered to our University with OSYM are reserved, students who have completed at least the fourth semester of the university (at the end of the summer school if the fourth semester is the spring semester) and students whose CGPA is less than 1.00 will be dismissed from the program they are enrolled in.

(Amendment; Senate No:ST-21-22/06, Date: 06/10/21)

(5) Students who are enrolled in associate degree programs whose overall grade average is below the limit are considered as "Successful", "On Probation" or "Unsuccessful" students.

The criteria set out in Article 22 (6), 22 (7), 22 (9), 22 (10) and 22 (11) apply to students enrolled in 2-year programs whose CGPA is below the following limits for students who are deemed unsuccessful:

Student's Actual Final Term (AFT/FDS)	Successful Student	Student on Probation	Unsuccessful Student
---------------------------------------	--------------------	----------------------	----------------------

Credit received from a course is found by multiplying the credit hours by the coefficient corresponding to the grade received. Cumulative Grade Point Average (CGPA) is computed by dividing the total credits received from all courses the student has completed since joining the program by the sum of the credit hours of these courses. In cases when a course is repeated, the last grade is included in the GPA and CGPA computations. In all average computations the letter grades given under the relevant Averages should be computed up to 2 decimals after the decimal point.
- (2) A student is considered successful at the end of a semester, if the GPA and (CGPA) is at least 2.00 out of 4.00.
